SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

Programming appointment

My processors help me to listen and understand. They need to work properly.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I go to Crosshouse hospital to get my processors checked.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will walk down the corridor towards the Cochlear Implant department.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will go through the doors into the waiting area.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will give my name at the reception desk and then take a seat.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I can take a seat or I can play some fun games in the waiting area.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

One of the scientists will come to get me and I will go to a different room.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will sit on the blue chair.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will take my processors off and put the yellow pods on.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

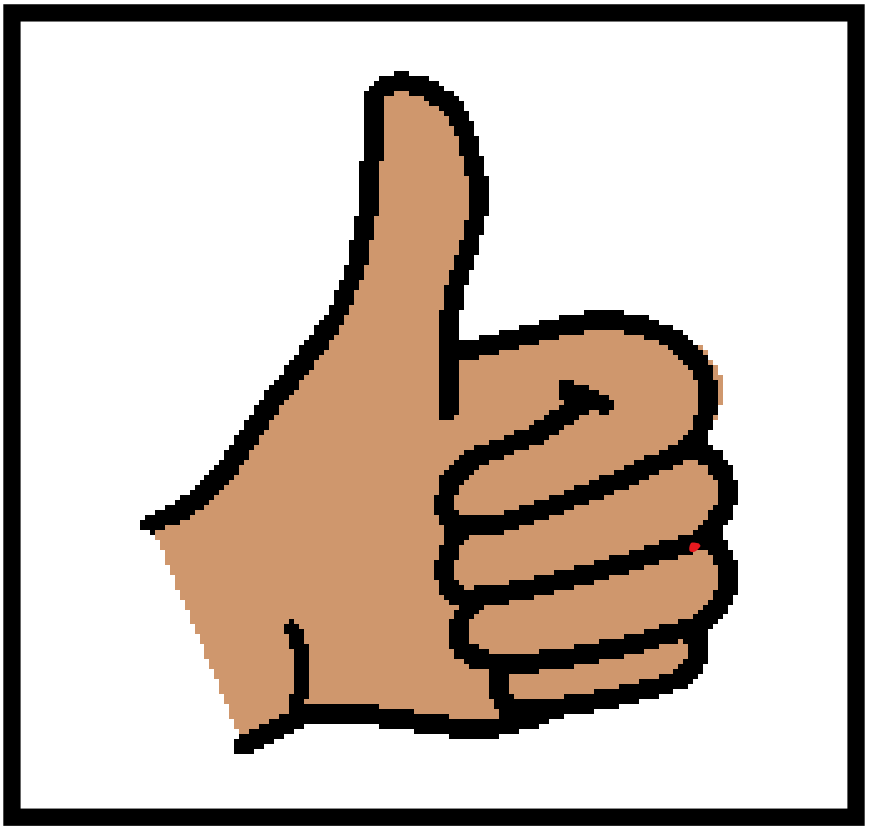

I will not hear my mum or dad's voices. I will hear beeps.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will play some games, while I am listening for the beeps.

SCOTTISH
COCHLEAR IMPLANT
PROGRAMME

I will keep listening until someone tells me to stop. Then I can put my processors back on and hear voices again.
